#### BIG PROGRESS ON WHIPPLE AVE!

Our new Young Trucks dealership on Whipple Avenue is really taking shape! With the blacktop freshly paved and distinctive design elements now visible, the site is clearly transforming into a full-fledged dealership. This 65,000-square-foot facility will soon be the new home for our Freightliner, Western Star, and Isuzu brands — all under one roof. Every milestone brings us closer to opening in spring 2026, and we couldn't be more excited about what's ahead.

Scan the QR code to watch the latest construction update video and see the progress for yourself!

## RULES OF THE ROAD

*To stay true to our purpose, we follow a set of guiding principles we call the Rules of the Road — a system for how we show up, serve others, and stand out.*

### #6 SAY YES

Believe in the possible. Every problem is an opportunity to succeed – to solve the problem or at least demonstrate effort and care. Saying no assures failure precluding even the attempt at success.

**Visit a Young Trucks location** for sales, leasing, fleet maintenance, finance, parts, service, body shop, trailer, and more specialized services to keep you moving.

## November Parts & Service Specials

YOUNGTRUCKS.COM

#### A Message of Gratitude from Young Trucks

As we enter this season of gratitude, all of us at Young Trucks would like to take a moment to thank our customers, partners, and team members for your continued trust and support.

For 70 years, we've been proud to serve the hardworking men and women who keep our communities and industries moving. This Thanksgiving, we're especially thankful for your loyalty and the relationships that make our work so rewarding.

From our family to yours, we wish you a safe, happy, and restful Thanksgiving!

– The Young Trucks Team

# FREE DOT INSPECTION

with any other service

\*Must request at the time of service, does not apply to previous visits.

## GET TO KNOW OUR TEAM

MEET DAVE SNYDER,

Service Manager – Young Freightliner

If you've spent any time around Young Freightliner, you've probably crossed paths with Dave Snyder, our **Service Manager**. Known for his steady leadership, no-nonsense work ethic, and deep knowledge of the trucking world, Dave is the kind of guy who gets things done — and inspires others to do the same.

**Q: Dave, how did your journey in trucking begin?**

**Dave:** I've been around trucks most of my life. I started out turning wrenches and learning every part of what makes these machines tick when I was in my teens. Over time, that hands-on experience turned into leadership, but the passion stayed the same. I've been in this industry for decades, and I still get that same satisfaction from helping a driver get back on the road.

**Q: What does it mean to be the Service Manager at an Elite Support Certified Freightliner dealership?**

**Dave:** Elite Support certification is more than a plaque on the wall — it's a promise. It means we're committed to doing things the right way, every single time. From communication to turnaround time, our goal is to keep customers' trucks up and running, because downtime costs them money. My team takes that responsibility seriously. We're constantly improving, training, and holding ourselves to high standards. That's what Elite Support is all about — excellence and accountability.

**Q: The new Young Freightliner dealership in Canton is on the horizon. What's your take on it?**

**Dave:** The new facility is a game-changer for both our customers and our team. With 65,000 square feet of space, more bays, and a state-of-the-art truck wash, we'll be able to deliver faster turnaround times and an even better service experience. It's not just a building—it's an investment in our people and our customers' success. I'm excited to help shape the service operations there and see our team continue to thrive.

**Q: Young Trucks is now also a Western Star dealer. What are your thoughts on that expansion?**

**Dave:** I think it's a great move. Western Star builds some of the toughest trucks out there, and they fit right in with what we're all about — quality, reliability, and pride in our work. This addition gives our customers even more options, and it keeps us growing as a dealership.

**Q: Tell us a bit about life outside of work.**

**Dave:** My wife, Amie Snyder, is the Warranty Coordinator here at Young Trucks, so trucking really is a family affair for us. We've got two kids, and when we're not at work, we love having friends and family over. There's always something going on at our place — cookouts, gatherings, you name it. We like to stay busy and surround ourselves with good people.

**Scan the QR Code to Get Real-Time Parts Delivery Updates!**

Never wonder when your parts will arrive again — Young Trucks now offers real-time Parts Delivery Updates straight to your inbox!

By opting in, you'll get instant notifications when your order is on its way, delivered, or ready for pickup. It's the easiest way to stay informed and keep your operation running smoothly.
